

Sign, sign, gotta know the signs!

There's a new part to Virginia DMV's driver's license knowledge exam.
The knowledge exam now includes a section on traffic signs.

To pass part one you must correctly answer all ten traffic sign questions.
You must also score at least 80% on the questions in part two of the exam.

Study the Virginia Driver's Manual,
pages 2-21 through 2-32,
and be sure you know the signs!
